

OWA SRP-6

Scuba Replacement Package

The **OWA SRP** is designed and built for fast and cost effective mobilization.

A robust 2-diver Scuba Replacement Package (SRP) that houses the dive panel, cylinders and umbilicals in one transportable package. The frame is engineered with two lifting eyes situated on either end with dedicated, certified lifting strops and forklift pockets situated under the frame. The SRP is fitted with 4 x 50 liter, 200 bar cylinders mounted horizontally in the frame. Up to 2 x 50m umbilicals can be stored on the frame. A portable diver air control panel (including Amcom 2 comms box) is mounted to the top of the cylinder storage unit. Hardline tubing connect the cylinders to the dive panel.

SRP Specifications
